

Small Entity Entitlement Declaration

Dear Applicant and Inventor,

The US Patent and Trademark Office enables applicants to pay the official fees at a reduced 50% cost if the applicant in the invention is entitled to a Small Entity status.

The Small Entity definition is as follows:

1. If the applicant is a sole inventor or a group of inventors, i.e., not a company.
2. If the applicant is a company which employs less than 500 employees worldwide.
3. If the applicant is a Non-Profit Organization which is not a university or other institution of higher education located in any country or a Hospital.

In all of the above, the Small Entity status will be denied if the Inventor / Company / Non-Profit Organization has assigned, granted, conveyed, or licensed, and/or is under an obligation under contract or law to assign, grant, convey, or license, any rights in the invention to any person, business or organization which would not qualify for small entity status.

For your convenience, attached is Appendix A for the full definition of a Small Entity Status according to the US Patent and Trademark Office.
